LAVISH

LIQUID HAND CLEANER

DESCRIPTION

This pink lotion hand cleaner, made from the mildest synthetic detergents, has made soap-type hand cleaners obsolete. Pleasantly perfumed, it quickly removes dirt and grease, yet leaves the skin soft.

WHAT DOES IT DO?

Cleans hands, lifts embedded grease, oils, various inks and many other stain producing elements most common to industrial and commercial work processes. LAVISH has no caustic abrasives, solvents or additives that can cause dryness usually found in daily use of institutional and industrial liquid hand soaps. LAVISH is a highly concentrated product; a little goes a long way.

WHY IS IT USED?

This product provides to the end user a safe but effective, high lathering hand cleaner that is economical in cost.

HOW IS IT USED?

May be diluted with water to suit any requirements. Use from its own gallon jug with an ounce-a-matic pump dispenser, or use directly into a wall mount dispenser.

PACKAGING

LAVISH is available in 1 gallon, 5 gallon, 30 gallon and 55 gallon containers.
