MAGNIFICENT SEVEN

HIGH PERFORMANCE NEUTRAL CLEANER, WITH POWERFUL CLEANING ACTION

DESCRIPTION

This 100% synthetic detergent with a pH of 7 has been developed to compliment today's high gloss floor care programs.

WHAT DOES IT DO?

Thoroughly emulsifies and suspends soil from all types of floors without dulling the gloss of the floor. MAGNIFICENT SEVEN incorporates optical brightness that actually enhances the shine of high gloss floor coatings. In addition to floors, use MAGNIFICENT SEVEN as an all purpose cleaner for walls, desks, sinks, painted surfaces, or any surface not normally harmed by water based cleaners. MAGNIFICENT SEVEN is very effective at removing residue caused by ice melters and salt crystals.

WHY IS IT USED?

Economical – very concentrated. As little as 1 oz. per gallon of water for light duty jobs. Eliminates the need for many specialty products, MAGNIFICENT SEVEN is effective on all types of surfaces and soil conditions. Controlled suds, MAGNIFICENT SEVEN can be used in automatic scrubbers or bucket/wringer applications. MAGNIFICENT SEVEN is user friendly and an environmentally conscious product. Biodegradable, non-flammable and non-corrosive. Deodorizes, leaving a pleasant lemon scent. Very effective in hard water. Labor saver. Because MAGNIFICENT SEVEN leaves surfaces film-free, rinsing is not required!

HOW IS IT USED?

For general use, add 1 to 3 ounces of MAG SEVEN to 1 gallon of water, depending on amount of dirt and soil conditions. Spread the solution on the area to be cleaned with a mop or sponge. Allow solution to remain on surface 30 seconds to 3 minutes depending on degree of soil. Mop up or vacuum up solution. Do not allow solution to dry on surface; reapply if necessary. For severe soil conditions, use a scrubbing machine or automatic scrubber with aggressive brush or floor pad. See MAGNIFICENT SEVEN label for further instructions.

MATERIAL SAFETY DATA SHEET

Section I Product Identification

Product Name: 185 MAGNIFICENT SEVEN Proper Shipping Name: Cleaning Compounds
Generic Name: NEUTRAL CLEANER Chemical Family: N/A
Supplier's Name: ALCO Chemical, Inc. Formula: N/A
Address: 45 North Summit Street
Akron, Ohio 44308
Phone: (330) 253-3535 EMERGENCY/CHEM*TEL: 1-800-255-3924

Section II Ingredients Listed as Hazardous According to OSHA 29CFR1910

<u>CHEMICAL NAME</u>	<u>CAS #</u>	<u>WT%</u>	<u>TWA</u>	<u>STEL</u>	<u>CEILING</u>	<u>CARCINOGENIC</u>
Sodium Xylene Sulfonate	1300-72-7	1-2	NE	NE	NE	No
*Formaldehyde	50-00-0	0-1	1.5	3	NE	Yes

(* Indicates SARA Title 313)

Section III Physical Data

Boiling Range: 212F (initial) % Solids by Weight: N/A Evaporative Rate (water = 1): <1 Specific Gravity: 1.00
Vapor Pressure: 20 mm Hg @68F % Solubility in Water: 100% Vapor Density (air = 1): >1 Volatile: 90+%
Physical Description: Thin yellow liquid with pleasant odor pH: 7-8

Section IV Fire & Explosion Hazards

Flash Point: N/A Method used: N/A Health: 1
Flammability Limits (LEL/UEL): N/A N/A Extinguishing Media: N/A Flammability: 0
Special Fire Fighting Procedures: Product is not flammable; water is media used if container itself caught fire Reactivity: 0
Unusual Fire & Explosion Hazards: None M.P.P.: A

Section V Health Hazard Data

Threshold Limit Value: N/A Primary Routes of Entry: Eyes & Skin Permissible Exposure Limit: N/A

Emergency and First Aid Procedures:

Other Limit: N/A

Flush eyes with plenty of cool water. Can be a skin irritant on repeated contact or prolonged exposure. Rinse skin with plenty of cool water.
Remove wet clothing. Seek medical attention if skin or eye irritation persists.

Section VI Reactivity Data

Stability: STABLE Incompatibility (material to avoid): None Known
Hazardous Polymerization: Will Not Occur Hazardous Decomposition Products: None known

Section VII Spill or Leak Procedures

Steps to be taken in case material is released or spilled: Mop up or otherwise absorb and hold for disposal.
Waste disposal method: Any method in accordance with applicable laws Volatile organic compounds (VOC): N/A
RCRA hazardous waste number (40 CFR 261.33): N/A CERCLA (superfund) reportable quantity (in lbs): N/A

Section VIII Special Protection Data

Respiratory protection (specific type): No special requirements. Protective gloves (specific type): Waterproof gloves recommended.
Eye protection: Safety glasses recommended. Other protective equipment: No special requirements.
Ventilation: Provide local exhaust to keep TLV of section II ingredients, if applicable, below acceptable levels.

Section IX Special Precautions

KEEP AWAY FROM CHILDREN. KEEP CONTAINER CLOSED DURING STORAGE. FOR INSTITUTIONAL USE.
